If Company determines that capacity is available or may become available for Service under Rate Schedule FT-D that does not require new Facilities (“FT-D Existing Capacity”), Company shall provide Notice on the Website of the open season for such FT-D Existing Capacity (the “FT-D Existing Capacity Open Season”). - (b) the date such FT-D Existing Capacity will be available; and
- (c) the Closing Date for such FT-D Existing Capacity Open Season.

An FT-LE Capacity Open Season pursuant to article 6.0 may be held by Company concurrently with an FT-D Existing Capacity Open Season.

If Company awards FT-D Existing Capacity to a prospective customer who is also a Customer receiving Service, other than Service under Rate Schedule IT-S or Rate Schedule FT-X, and such prospective customer fails to meet the

If such prospective customer fails to provide Company with such Notice, the condition

- (c) Subject to subparagraph 5.5.3(d), if two or more bids have the same priority and the STFT Capacity is not sufficient to provide the total maximum STFT Capacity, then the STFT Capacity shall be awarded to such bids on a pro rata basis based on the maximum STFT Capacity of each bid;
- (d) If the STFT Capacity to be awarded to a bid as determined by Company in either subparagraph 5.5.3(b) or paragraph 5.5.3(c) is less than the minimum STFT Capacity as set out in such Schedule of Service, that bid shall be deemed to be rejected by Company and no STFT Capacity shall

be awarded to such bid. The remaining STFT Capacity shall continue to be awarded sequentially to the remaining bids based on the priority established pursuant to subparagraph 5.5.3(a), until all the bids have been processed or until all STFT Capacity has been awarded; and

- (e) Company shall be deemed to have accepted the bids of prospective customers when Company awards STFT Capacity to such prospective customers. Company shall give Notice to such prospective customers who have been awarded STFT Capacity within 2 Banking Days from the date such FT-D Existing Capacity is posted or deemed re-posted.

5.5.4 Requirements for STFT Capacity

Where Company awards FT-D Existing Capacity to a prospective customer pursuant to subparagraph 5.5.3, such prospective shipper shall, at the request of Company:

- (a) provide sufficient financial information to demonstrate its creditworthiness; and
- (b) provide a Financial Assurance to Company pursuant to paragraph 10.1 of the General Terms and Conditions.

6.0 PROCEDURES FOR ACCESS TO FT-LE CAPACITY

6.1 Posting of FT-LE Capacity

If Company determines that capacity is available or may become available for Service under Rate Schedule FT-LE that does not require new Facilities, or demand for Service under Rate Schedule FT-LE may be sufficient to consider expansion of existing Facilities (“FT-LE Capacity”), Company shall provide Notice on the Website of the open season for such FT-LE Capacity (the “FT-LE Capacity Open Season”). At least 3 Banking Days

(excluding statutory holidays in the United States) after such Notice, Company shall post on the Website:

- (a) the quantity of FT-LE Capacity available at the Group 1 Delivery Point;
- (b) the date such FT-LE Capacity will be available;
- (c) the Closing Date for such FT-LE Capacity Open Season; and
- (d) if applicable, information related to FT-LE Capacity available between various receipt locations and the Group 1 Delivery Point.

An FT-LE Capacity Open Season may be held by Company concurrently with an FT-D Existing Capacity Open Season pursuant to article 2.0 or FT-D Expansion Capacity Open Season pursuant to article 3.0.

6.2 FT-LE Capacity Bid Process

If Company posts FT-LE Capacity pursuant to paragraph 6.1, prospective customers may bid for such FT-LE Capacity, on any Banking Day up to and including the Closing Date, as follows:

- (a) Prospective customers shall submit a completed and unedited bid form, in the form set out in article 9.0 (the “FT-LE Open Season Bid Form”);
- (b) The requested term of Service, as established by the requested Service Commencement Date and requested Service Termination Date, each set out on the FT-LE Open Season Bid Form, subject to a minimum term as outlined in Rate Schedule FT-LE;
- (c) All bids shall be irrevocable and must be received by Company by 11:00 hours CCT on the Closing Date;
- (d) Within 2 Banking Days of the Closing Date, prospective customers, except those who are also Customers receiving Service, other than Service under Rate

Schedule IT-S or Rate Schedule FT-X, shall provide to Company for each FT-LE Capacity Open Season Bid Form, a deposit equal to the lesser of:

- (i) one month demand charges for the FT-LE Contract Demand set out on the FT-LE Open Season Bid Form; or
- (ii) \$10,000.

The deposit, if provided, shall be refunded to unsuccessful bidders within 5 Banking Days from the date the Service Agreements and Schedules of Service under Rate Schedule FT-LE are executed for all FT-LE Capacity posted in the FT-LE Capacity Open Season.

If Company awards FT-LE Capacity to a prospective customer and such customer executes the Service Agreement and Schedule of Service under Rate Schedule FT-D for such FT-LE Capacity, the deposit, if provided, will be credited to the bill for the first month of Service or returned to the Customer if requested.

If Company awards FT-LE Capacity to a prospective customer who is also a Customer receiving Service, other than Service under Rate Schedule IT-S or Rate Schedule FT-X, and such prospective customer fails to meet the requirements for FT-LE Capacity set out in paragraph 6.5, the FT-LE Capacity awarded to such prospective customer shall be withdrawn and such prospective customer shall pay Company an amount equal to the lesser of:

- (i) one month demand charges for the FT-LE Contract Demand set out on the FT-LE Open Season Bid Form; or
 - (ii) \$10,000.
- (e) A prospective customer and/or its affiliate, either together or individually, shall not submit an FT-LE Open Season Bid Form for a quantity greater than the FT-LE Capacity being offered or submit multiple bids where the aggregate FT-LE

Contract Demand of the multiple bids exceeds the FT-LE Capacity being offered;
and

- (f) Company shall not be obligated to accept any bid if:
 - (i) the Service Commencement Date is within 5 Banking Days of the Closing Date;
 - (ii) the Service Commencement Date is more than 12 months from the Closing Date for Service under Rate Schedule FT-LE that can be accommodated with existing capacity;
 - (iii) the Service Commencement Date is different from the date from the date expansion capacity may be available for Service under Rate Schedule FT-LE that requires new Facilities; and
 - (iv) the prospective customer has not met the criteria set forth in article 6.0.

6.3 Conditional Bids

6.3.1 If a prospective customer's bid is subject to the condition set out in paragraph 8 of the FT-LE Open Season Bid Form that such prospective customer has been awarded capacity at the Delivery Point through a direct interconnecting pipeline open season process (the "Interconnecting Pipeline Open Season"), Customer shall within 2 Banking Days from the FT-LE Capacity Open Season Closing Date provide Notice to Company that either the condition has been satisfied or waived. If such prospective customer fails to provide Company with such Notice, the condition shall be deemed satisfied and Company may award FT-LE Capacity to such prospective customer pursuant to paragraph 6.4.

6.3.2 If the capacity awarded to a prospective customer through an Interconnecting Pipeline Open Season is less than the requested FT-LE Contract Demand set out in the FT-LE Open Season Bid Form, prospective customer may reduce the FT-

LE Contract Demand to a quantity not less than the capacity awarded through such Interconnecting Pipeline Open Season.

6.4 Awarding of FT-LE Capacity

Subject to paragraphs 6.3 and 6.5, FT-LE Capacity and, if applicable, FT-D Existing Capacity or FT-D Expansion Capacity shall be ranked and awarded, as applicable, to the prospective customers whose bids are accepted by Company as follows:

- (a) Subject to subparagraph 6.4(e), Company shall rank the FT-LE Capacity and, if applicable, FT-D Existing Capacity or FT-D Expansion Capacity, bids in descending priority based on the following criteria:
 - (i) first, and subject to subparagraph (ii), on the basis of the per unit product of the current FT-D Demand Rate multiplied by the requested term (where the bid with the highest per unit product shall have the higher priority);
and
 - (ii) second, and in the case of FT-LE Capacity and, if applicable, FT-D Existing Capacity by the Service Commencement Date (where the bid with the earlier Service Commencement Date shall have the higher priority).
- (b) Subject to subparagraph 6.4(d), Company shall award FT-LE Capacity and, if applicable, FT-D Existing Capacity or FT-D Expansion Capacity, to the bids in sequential order, based on the priority established pursuant to subparagraph 6.4(a), until all the bids have been processed or until all FT-LE Capacity and, if applicable, FT-D Existing Capacity or FT-D Expansion Capacity, has been awarded;
- (c) Subject to subparagraph 6.4(d), if two or more bids have the same priority and the FT-LE Capacity and, if applicable, FT-D Existing Capacity or FT-D Expansion Capacity, is not sufficient to provide the total FT-LE Contract Demand and FT-D

Delivery Contract Demand, then the FT-LE Capacity and, if applicable, FT-D Existing Capacity or FT-D Expansion Capacity, shall be awarded to such bids on a pro rata basis based on the FT-LE Contract Demand or FT-D Delivery Point Contract Demand of each bid;

- (d) If the FT-LE Capacity and, if applicable, FT-D Existing Capacity or FT-D Expansion Capacity, to be awarded to a bid as determined by Company in either subparagraph 6.4(b) or subparagraph 6.4(c) is less than the minimum FT-LE Contract Demand or FT-D Delivery Contract Demand as set out in such FT-LE Open Season Bid Form or FT-D Delivery Contract Demand as set out in such FT-D Open Season Bid Form, such bids shall be deemed to be rejected by Company and no FT-LE Capacity, FT-D Existing Capacity or FT-D Expansion Capacity shall be awarded to such bid. The remaining FT-LE Capacity, FT-D Existing Capacity or FT-D Expansion Capacity shall continue to be awarded sequentially to the remaining bids based on the priority established pursuant to subparagraph 6.4(a), until all the bids have been processed or until all FT-LE Capacity, FT-D Existing Capacity or FT-D Expansion Capacity has been awarded;
- (e) Company shall assess whether the combination of existing and expansion capacity are available to accommodate the bids for FT-LE Capacity at and from the requested Receipt Point(s), concurrently with the evaluation in subparagraph 6.4(a). Company may reject or reduce bids for the requested FT-LE Contract Demand based on Company's evaluation, subject to the minimum Contract Demand set out in the FT-LE Open Season Bid Form.
- (f) Company shall be deemed to have accepted the bids of prospective customers when Company awards FT-LE Capacity, FT-D Existing Capacity or FT-D Expansion Capacity to such prospective customers. Company shall give Notice to such prospective customers who have been awarded FT-LE Capacity, FT-D Existing Capacity or FT-D Expansion Capacity within the time outlined in the

FT-LE Open Season and, if applicable, the FT-D Existing Capacity Open Season and FT-D Expansion Capacity Open Season postings.

6.5 Requirements for FT-LE Capacity

Where Company awards FT-LE Capacity to a prospective customer pursuant to paragraph 6.4, such prospective customer shall, at the request of Company:
