RE: Extending Appendix D Discretion to Delivery Customers

The Tolls, Tariff, Facilities and Procedures Committee (TTFP) adopted Issue T2025-01: Delivery Discretion at the March 18, 2025 TTFP meeting for the purpose of entering into discussions on a proposal to extend daily Discretion to flows at Delivery points (Storage will continue to be excluded) to manage Customer's Inventory outside the Balanced Zone caused by variances in extrapolated flows and scheduled quantities occurring after 16:00

The purpose of this letter is to provide notice to parties that are not TTFP members but have an identifiable interest in this Issue and seek to participate in these discussions. Participation is limited to this Task Force only and does not grant full TTFP membership. All parties that participate in the Task Force will be required to adhere to the TTFP procedures during these discussions, including confidentiality provisions and discussions being on a 'without prejudice' basis.

If your organization is not a TTFP member but is interested in participating in the Task Force, or if you have questions about the Issue or Task Force process, please contact Brogen Solberg at [brogen\\_solberg@tcenergy.com](mailto:brogen_solberg@tcenergy.com). Participation is at the discretion of NGTL, and requests must be made on or before April 7, 2025.

Regards,

Jay White
