To determine transportation rate per GJ:

For FT, multiply Firm rate by haul distance and divide by days in the month.

For IT, multiply IT rate by haul distance.

<http://www.tccustomerexpress.com/conversiontool/>

- For information purposes, the maximum Shipper's Haul Distance used in the Shipper's monthly charge for Service calculation is 170.7 km.
- Rates are payable in Canadian dollars and GJ units are used for billing purposes.
- The IT rate is 110 percent of the FT rate.
- Rates do not include GST.
